50 YEARS OLD — NILES, CALIFORNIA FRIDAY, JUNE 17, 1938 — No. 24

AROUND *the* TOWNSHIP

Recreation has become such a necessity in our daily lives that the governor has proclaimed a "Recreation Week" beginning next Sunday.

It's whistle while you work next week.

If you can't toot a horn or strum a guitar you must be able to sing.

So, there is little excuse for a poor attendance at the band and chorus rehearsals of the newly created Southern Alameda County Musical Association, tonight with the band and Monday night with the chorus and orchestra at the high school at Centerville.

Be there!

Pretty quick we will know whether Niles Canyon is to be advertised to the passing tourist as a recreational grounds.

The Niles Chamber of Commerce has designed a sign that can be swung into a convenient spot depicting the facilities of the playgrounds up the creek. Now all that remains to be determined is "Who will pay the freight?"

Surely the persons engaged in business in the canyon will not say "NO."

* * * *

We no sooner broke out in print with the announcement that the California Pottery Co. was closed because of a strike of workmen last week, than the men and company settled their differences and went back to work.

We are happy to announce this week that the pottery works was reopened last Friday and everybody is satisfied with the "Business as Usual" sign hanging out.

Just a few more dollars to be subscribed and the Niles Fire Department will be equipped with inhalator equipment that will enable it to come to the rescue of drowning persons up the canyon during the remainder of the present summer and for many vacation seasons ahead.

When such equipment is installed, it will be a good day's work for department officials, commissioners and others concerned.

The wedding ceremony was solemnized by the Rev. Father Gannon in the presence of many guests. The altar was arranged in gladioli and gypsophila with many lighted candles.

The bride was given in marriage by her father Mr. Joseph Burra. Her gown was of exquisite white satin, a princess model with set-in v-neck of Chantilly lace, the lace forming an attractive high upstanding all around princess collar curving outward at the scalloped top, and the long sleeves were moulded to the arms from points at the wrist just above the elbow. The upper portion being puffed. It was finished with a long circular train.

Over the train was draped a bridal veil of tulle and gossamer lace held in place at the coiffure with a wreath of tiny wax calla lilies. She carried a bouquet of Calla lilies tied with white loire taffeta ribbon.

In contrast the bride's attendants preceeded her to the altar gowned in pastel shades. Both the maid of honor and bridesmaid wore the fashionable shoulder length veils of silk net, matching their gowns in color and held in place at the Coiffure with a single spray of rose buds.

Miss Althea Kraft, the bridegroom's sister, was the maid of honor, wearing a gown of peach sheer French marquisette over silk taffeta, with round neck and short puffed sleeves. The full billowing skirt and neckline was finished with rows of narrow ruffles. Her slippers were silver and she carried a bouquet of Talisman roses.

Little Shirley Kraft, the bridegroom's niece, as the flower girl, wore a dainty frock of petal pink silk taffeta. Her tiny hat was heart shaped trimmed with flowers. She carried an old fashioned bouquet of baby roses and sweet peas set in scalloped lace.

Peter Burra, the bride's brother, served as best man and Albert Sampo was the usher. The wedding reception for the bridal party and guests was held at the Burra home.

AN ANSWER TO IL DUCE

In the manner and mood of a bad little boy pointing out a spot on his father's tie when the parent catches him stealing a cake,Benito Mussolini has just had his bit of fun scattering seeds of scorn on America's kidnap record. In a vociferous denunciation of Cordell Hull's speech urging the humanizing of war, Il Duce's official newspaper went on record with, "Let America humanize her own internal peace before turning to the wars of others. Guarding the safety of children in their homes is A, B, C for peoples who aspire to be civilized."

America may well feel the sadness of shame when Il Duce's finger is pointed at the Levine and Cash kidnapinys, but what Mussolini fails to consider is the difference between a national mentality and a criminal mutation from a normal morality. Secretary Hull condemned a national morality dedicated to war, imperialism, and mass murder, a morality which daily schools a nation into a mass mentality shaped to the needs of war.

This war morality of Italy, unlike the kidnapings of the United States, is in the minds of all, not in the minds of a few warped criminals. America condemns those individuals whose minds conceived the Levine and Cash kidnapings. America can also condemn those individuals whose minds conceive a nation dedicated to ruthless war.

"Guardiny children in their homes", says Mussolini, "is a sign of a civilized state." There are those of us who wonder if putting guns in those tiny hands, and gas masks on their faces, and war thoughts in their minds is a sign of a civilized state.

"If I don't live up to my label, 'HOT,' it is no fault of mine. Yet there are folk who try to twist my neck off when I'm not so hot. If I was connected with a water heater that ran itself without depending upon someone to start it and stop it, I would be faithfully serving hot water 24 hours a day." . . . . . *signed* H. FAUCET

With summer right at hand every faucet in your home that is labeled hot, should be instantly able to deliver hot water when you need it. Quick shower and tub baths will freshen up your body and spirits. Stockings and dainties doused in warm sudsy water and thoroughly rinsed are quickly made sweet and clean. In the kitchen and in the laundry, hot water on tap is a most welcome hot weather helper. Make sure your home has this kind of service an Automatic Gas Water Heater can best provide. As little as ten cents a day will buy and install an Automatic Gas Water Heater in your home.

Dictators NEVER DEFY THEIR PEOPLE-THEY *Delude Them*

AMERICA CAN learn by watching the death of political freedom in other countries. Dictatorship is won and held not by force and defiance but by trickery and delusion. In every country, the technique has been the same. First, freedom of the press disappears, and the people lose their voice. Second, in the interest of national unity, people are told what to think, what to say, what to do. Third, the subservient press is compelled to release propaganda designed to create unanimous favor for the plans, personalities, and isms of those in power. Through the destruction of a free press, the people become inarticulate. America will always remain a nation of free people as long as the American press remains free. Your newspaper is your partner in the responsibility of perpetuating American liberty. Protect it—support it—for its welfare is your welfare—its freedom is your freedom.

NEWARK—The Newark Merchants seem to have the jinx every time they play Decoto at Decoto. They were beaten Sunday by a score of 11 to 3.

Newark scored one run in the third inning, but Decoto came back and tied the score. A 6-run rally in the sixth inning was what put the game on ice for Decoto. Newark scored two runs in the eighth inning when Ed Rose singled, and Lebon hit a home run.

Home run batters for the day were Pete Rivers and Ed Lebon. Triples: Pete Rivers, Paul Rivers and Seoane for Decoto; Grace also hit a triple for Newark. Doubles: Mattos, E. Silva, and for Newark Lebon.

Next Sunday Newark will open the first game of the second half of this league at Newark playing the Dugouts of Hayward. A few new players along with a new pitcher will be seen. Kelly of Decoto was signed Sunday to play ball with Newark.
